TBPA Mission Statement

The mission of the Tennessee Backflow Prevention Association is to protect drinking water quality in the State of Tennessee by providing for education, statewide training, standardized certification, technical assistance and resources to our membership and the general public.

President's Message

Whew! What a summer....good thing I love hot late summer nights, because we have had quite a few here in Clarksville. The gnats and mosquitoes is another matter all together! I hope all of you had a wonderful summer and are ready to turn to fall and Conference time. Our Conference is shaping up to be a great one and I want to see as many of you there as possible, who could ask for a better October location than the beautiful mountains surrounding Gatlinburg. Don't forget to sign up soon as the hotel reservation deadline is approaching. As I mentioned in my last message two of our members were recognized

at the national level for their contributions to the chapter and the association, at the time Mr. Michael Robeson had not been presented his certificate and I did not wish to ruin the surprise...Congratulations Michael. This is the last chance to nominate someone for this year's Chapter Awards, there are three categories: Contributions to the field of backflow, contributions to TBPA and one to a system or utility for their continued support. Remember, our next board meeting will be held in conjunction with the conference to make it easier for all to attend, so please join us Wednesday night and get involved, everyone is welcome. "Time moves in one direction, memory in another. "

Michael Robeson is working with Shane at ABPA to get out information about TBPA & ABPA to all TN certified testers. National has also sent out letters to expired members to get them to rejoin. Liba expressed problems with National having the correct expiration dates

TBPA Annual Conference 2011

Kitty will get the registration forms out this month. Everyone is encouraged to book rooms now. Deadline is September 12th for discount. Speakers were discussed and finalized.

Annual Awards and Nominations

Kent has received one nomination for an award and no nominations for Vice-President and West Tennessee Director.

5% Rule Committee

Brent and Donna presented an update on the meeting held on June 20th. At the meeting, Travis brought in a proposal for approved tester language, Donna brought a proposal concerning hazards and John brought a proposal for a minimum percentage of sites surveyed and inspected. Sherwin with the State did not agree with any of the proposals presented. He will take the information to Alan Schwinderman for his approval. Tentative date for next meeting is August 16th.

TBPA East Section News

Let me begin by saying how sad I was to hear that Mr. Mike Rucker, one of the TBPA Directors-at-Large passed away at the end of June. I first met Mike at the TBPA Conference in 2002. He was active in the association, attended the conferences and eventually became a Director-at-Large. Mike will be missed by both the TBPA and the Local 572 JATC. Please keep Mike's family in your thoughts and prayers.

It's hard to believe that summer is almost over. October is coming and you all know that means it's Conference time in Tennessee! Don't forget to register and save the dates: October 13th -14th. Everyone is welcome to come to the Board Meeting on Wednesday the 12th at the Hotel at 5:00pm.

For the 4th year the TBPA participated as a vendor at the TAUD Business Conference in August. It was great to see everyone again. This year TAUD had around 1,200 individuals in attendance and 114 vendors. I would personally like to say "Thanks" to Donna Morrell Maloy for helping me with the TBPA booth Wednesday night and Larry Stinnett for helping on Thursday.
